

# YOUSUF JOABER

## Web Developer

Contact: +8801837308476 | Email: [yousufjobaer@gmail.com](mailto:yousufjobaer@gmail.com)

Dhaka/Narayanganj,Bangladesh. Social: [Linkedin](#) | [GitHub](#) | [Protfolio](#)

### Career Objective

Passionate web developer with a strong foundation in React.js and MongoDB, dedicated to building responsive, user-friendly websites. I thrive on coding and innovation, continuously striving to enhance my skills. Excited to transition into full-stack development, I am eager to contribute to dynamic projects and collaborate with a forward-thinking team. Seeking an opportunity to grow professionally and gain real-world experience in a challenging and innovative environment

### Skills

**Expertise:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Firebase, Kinde (Authentication, Hosting)

**Comfortable:** Express.js, MongoDB, Responsive Web Design (RWD)

**Familiar:** Node.js

**Tools:** VS Code, Netlify, Vercel, Git & GitHub (Version Control), Figma, Pixso (UI/UX Design)

### Projects

**Coffee Shop** – (E-commerce website) [Client-code](#) | [Live-side](#)

-> **Features:**

- The Coffee Shop website delivers a visually appealing and engaging user experience with smooth animations powered by react-awesome-reveal.
- Features animated counters using react-countup to showcase key statistics dynamically.
- Fully responsive design ensures seamless browsing across all devices, enhancing accessibility and usability.
- Focused entirely on design to create a modern, user-friendly interface that captivates visitors.

-> **Technologies:** React.js, React Awesome Reveal, React CountUp, Tailwind CSS

**Visa Navigator** – (Service-based Platform) [Client-Code](#) | [Server-code](#) | [Live-side](#)

**key features:**

- Visa Navigator provides personalized visa requirement checks based on your destination and purpose of travel, ensuring you have the most accurate and up-to-date information for your specific needs.
- The platform simplifies the visa application process by allowing you to submit your visa applications online with ease, reducing the complexity of manual paperwork.
- Visa Navigator offers real-time status updates, allowing you to track the progress of your visa application and receive notifications on important milestones, ensuring you're always informed.

**Technologies:** React.js, HTML5, CSS, Tailwind CSS, RESTful APIs, JWT Token, React Router, Express.js, MongoDB, Firebase.

**Trend Tracker** – (E-commerce website) [Client-Code](#) | [Server-code](#) | [Live-side](#)

-> **Features:**

- Trend Tracker allows users to add products and vote on others, making it an interactive platform for product trends.
- Admins have access to detailed statistics, enabling them to analyze user engagement and product trends effectively.
- Moderators can review and approve pending products or remove items that don’t meet platform guidelines.
- Secure user authentication and authorization using **JWT tokens**, ensuring a safe and reliable experience.
- Payment integration with **Stripe**, allowing seamless transactions for premium features or memberships.

-> **Technologies:** React.js, RESTful APIs, JWT Token, Stripe, MongoDB, Express.js, TanStack Query, SweetAlert

### Course

Complete Web Development Year(2024)

### Language:

- Bangla (Native proficiency)
- English (Limited working proficiency)
